

Girls SB Sixers U11 Playing Conditions

1. Team Composition

- Maximum 6 players per team.
- Players should be Under 11 on September 1. ACA is lenient on granting dispensations to allow players to play at the right level for their developmental age, this includes moving up or down a competition grade to suit a player's current development.
- Girls Teams only.

2. Graded

Teams should be based on geographical location, school attending, and friendships.

3. Hours of Play

8am – 9.20am. Toss should occur no later than 5 minutes before the start of play.

If 12 overs are not bowled by 8.40am play should continue with time made up by not having a break.

The second innings should be concluded by 9.20am.

4. Coaches

All Coaches are to have completed the free online [Foundations Coaching Course](#). **All on field coaching should be done quickly to ensure no delays. Only umpires, coaches or managers can provide on field coaching.**

5. Intervals

Maximum of 5 minutes between innings.

6. The Result

The side which has scored the most runs in their complete innings will be deemed the winner.

Determination of Result:

- When the team batting second passes the total of the team that batted first and all batters in the second innings have either been dismissed or retired once or the full allotment of available overs is completed, whichever comes first, the team batting second will at that point be determined to be the winner of the game.
- Should the team that is bowling in the second innings dismiss the team batting second or the full allotment of available overs is completed and the second innings score is less than the first innings score, whichever comes first, the team bowling second will at that point be determined to be the winner of the game.

CricHQ will say the game is over when the team batting second passes the score of the first team. IGNORE THIS AND CONTINUE AS THE RESULT IS ONLY DETERMINED AS ABOVE.

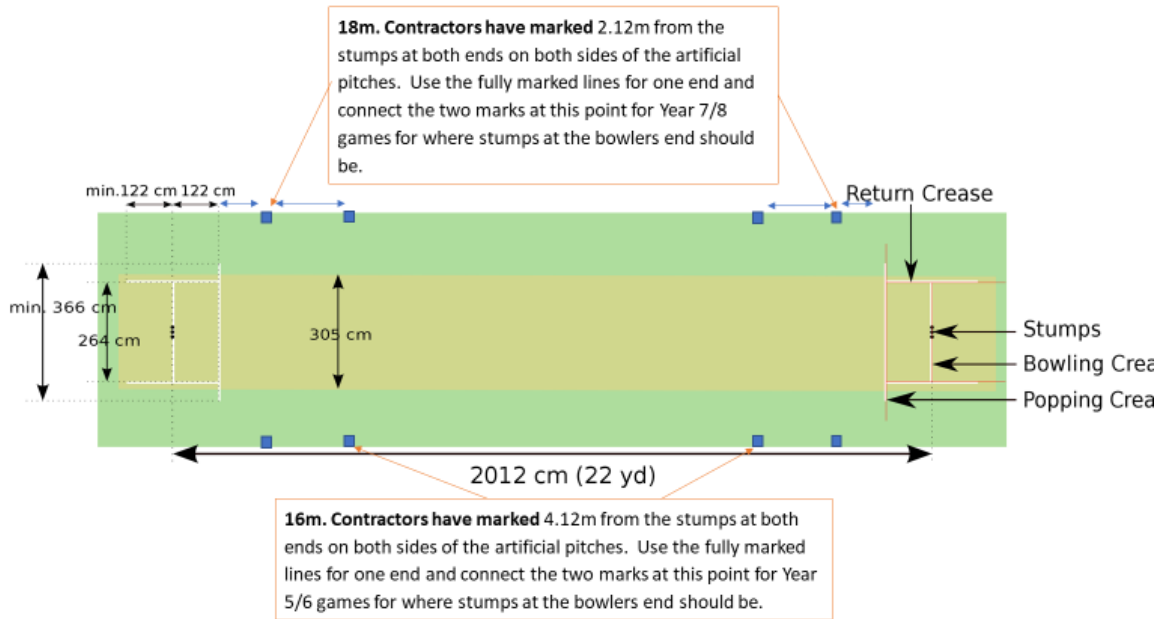

7. Overs

12 overs. All overs to be bowled from one end.

Please Note: Umpires should remind teams about pace of play as the innings progresses. If required umpires can require shorter run ups and other measures to speed up play.

8. Pitch Length

16m. Use marked lines at one end and connect the two marks provided by contractors at the other end for the bowlers end stumps and a further 1.22m for the popping crease.

It is the home team's responsibility to ensure the pitch length and boundaries are marked accurately. The two sides are not permitted under any circumstances to agree to different pitch lengths and boundaries. If these are not followed, the home team is subject to losing the game by default.

9. Boundaries

30m circle to be marked by cones. The boundary must be measured from the batter's end.

Fielding Exclusion Zone

Markers are placed 18m square either side of the stumps at both ends. The square leg umpire is to position at the 18m marker. The fielding exclusion zone is deemed to be from the umpire behind the stumps at the bowler's end or 20.12m from the batter's end stumps, whichever is further, to the markers either side of the stumps at the batter's end. Further, behind square on either side of the stumps, no fielder can be within 18m except for the wicketkeeper and one slip fielder positioned no closer than in line with the wicketkeeper. Excluding the bowler, fielders may only enter the exclusion zone after the batter has played their shot. **If players encroach early, the umpire will signal and call a 'no ball' that the batter cannot get called out on, including for a run out – the batter cannot continue to run**

once the bails are dislodged.

Fielders should field in proper cricket fielding positions outside of the fielding exclusion zone. The exclusion zone exists to encourage quick singles and active fielding.

Ball

Any colour Kookaburra Star Junior soft ball. The match ball does not have to be new, but umpires must agree that it is fit for play.

10. Batting

- The batting 6 must be named prior to the start of play.
- Compulsory retirement of batters after 12 balls faced i.e. wides and no balls are counted. If a batter is left with no partners, a retired batter may stay on the pitch at the non strikers end until that batter has faced their 12 balls.
- Each dismissal 3 runs will be deducted from the batting side and batters swap ends.
- Batters will not leave the crease until they have faced 12 balls and retired.

11. Modes of Dismissal

Normal cricket rules apply except no LBWs, stumpings, mankads are to be given. **Umpires are to ensure backing up batters do not leave early. Umpires can call dead ball.**

12. Bowling

- One over consists of 6 balls including any wides and/or no balls bowled.
- All players must bowl a minimum of 2 overs. No player may bowl their second over until all others have bowled 1.
- A cone should be placed 5m behind the wickets at the bowler's end, which is the longest run up permitted. **Any bowler that starts their run up beyond the cone will be deemed to have bowled a no ball.**
- A minimum of 2 overs of spin/slow bowling per innings.

13. No Balls and Wides

- Umpires must agree wide lines prior to the game.
- Any delivery which passes, or would have passed, above the batter's shoulder is a no ball.
- Any delivery which passes, or would have passed, above the batter's waist on the full is a no ball. If a ball bounces more than twice before reaching the popping crease it is a no ball.
- Any delivery that bounces outside of the pitch will automatically be deemed a no ball.
- If a bowler, in the two umpire's opinions, bowls two dangerous deliveries within an over, the umpires can instruct the bowler to finish the over bowling slower deliveries.
- If a bowler is struggling to bowl from the 16m pitch, it is encouraged that they be allowed by umpires to bowl from a shorter distance.
- There shall be no restriction on the number of wides or no balls called in an over. However, each over will consist of a maximum of 6 balls. The last over has no maximum deliveries.
- No Balls and Wides are worth 2 runs that are awarded to the batter.

14. Fielding

- All overs are to be bowled from the same end.
- To ensure a fast game teams must rotate in the field i.e. each player moves clockwise after each over. Bowlers will bowl in the order of rotation (i.e. player fielding next to bowler on the onside will be the next bowler always and then will move to the next fielding position on the offside).
- No player may field within the marked fielding exclusion zone.

15. Wicket keeping

All fielders should have a turn at wicket keeping as they rotate. Each wicket keeper must bowl two overs.

16. Umpiring

Umpires to stay in position (at bowler's end or square leg) or they can swap at the end of each over. Umpires are required to have completed the free online [Umpires Coaching Course](#). We encourage the same umpires remain throughout the game to ensure consistency. Umpires should provide guidance to both sides to assist with game development. All on field coaching should be done quickly to ensure no delays of games.

17. Uneven Team Numbers

- A team may bat 1 player twice if they have less than 6 players and the last batter does not have a batting partner, but the returning batter must be the lowest scoring batter (dismissed).
- The batting team must provide up to 2 players to assist with fielding only if the opposition team has less than 6 players who bat. These players may be rotated as the need arises.

18. Music

The batting side is permitted to play music so long as this does not delay the game.

19. Spirit of Cricket Rating

Both sides must complete a spirit of cricket rating for the opposition in CricHQ.

20. Grades

ACA will have one competition with three pools for this grade. Note, ACA will try to schedule games to minimise travel and may not be traditional home grounds for either team. Players cannot play in finals for any team they have not played at least 4 games for previously without ACA dispensation.

- There are two individual pool competitions will be formed pre-Christmas and each team within the pool will play each other in an incomplete round robin.
- After pool play the teams in pool 1 will play in a quarterfinal, semifinal and final, the teams in pool 2 will play in a semifinal and final.
- Teams that did not make the finals or are knocked out will continue to play games as scheduled by ACA.

Players cannot play for two different teams within the same competition under any circumstances.

Pool Points: Win = 3 points Tie or No Result = 1.5 points Loss = 0 points

21. Weather Cancellations

ACA will cancel all junior and youth morning cricket should there be an Auckland weather advisory from the MetService advising that it is unsafe to travel to games. ACA checks for advisories constantly and will communicate through the ACA website, Facebook and email to all Club Managers. Coaches / managers if you are unsure if the game is on we encourage you to use the contact list your club should have provided you to call the opposition team coach/manager to discuss this. If a mutual agreement cannot be made the home team manager has final say on pitch condition and playability. If a game is abandoned, the home team coach/manager must enter the game as abandoned on CricHQ immediately.

If contact cannot be made with opposition team coach/manager or club manager, contact ACA. If ACA receives a call from an away team advising they cannot contact the home team coach/manager or club manager at 7am or later, ACA has the ability to deem the fixture as abandoned if ACA believes the weather will not allow a fixture to be played.

If in any doubt, please ensure you arrive at the ground on time to avoid a default.

22. Defaults

If a Team defaults a match for any reason the following penalties shall be incurred:

- (i) First default: The Team and Club to which the defaulting Team belongs shall receive a warning of the consequences of a further default.
- (ii) Second default: The Team defaulting shall forfeit 3 Competition points, will be fined \$100 and its Club shall receive a final warning.
- (iii) Third default: The Team defaulting shall be debarred from participating in the remainder of the Competition. The match fees already paid for that Team to the Association shall not be refunded to its Club or, alternatively, if the match fees have not been paid, they shall remain payable by the Club to the Association.
