**No supporters shall communicate with any player or players on the field of play.**

Any difference of opinion with a player or official shall not be discussed publicly nor without due regard for the feelings of the other.

**8. Pitch Length**

Full Pitch.

**9. Boundaries**

Maximum 40m circle from the batter's end and marked by cones or flags.

Fielding Exclusion Zone

Markers are placed 18m square either side of the stumps at both ends. The square leg umpire is to position at the 18m marker. The fielding exclusion zone is deemed to be from the umpire behind the stumps at the bowler's end or 20.12m from the batter's end stumps, whichever is further, to the markers either side of the stumps at the batter's end. Further, behind square on either side of the stumps, no fielder can be within 18m except for the wicketkeeper and one slip fielder positioned no closer than in line with the wicketkeeper.

Excluding the bowler, fielders may only enter the exclusion zone after the batter has played

their shot. **If players encroach early, the umpire will signal and call a 'no ball' that the batter cannot get called out on, including for a run out – the batter cannot continue to run once the bails are dislodged.** Fielders should field in proper cricket fielding positions outside of the fielding exclusion zone. The exclusion zone exists to encourage quick singles and active fielding.

**10. Ball**

A 142gm Kookaburra Crown Water Resistant Pink Ball. The match ball does not have to be new, but umpires must agree that it is fit for play. A new ball can only be taken at the beginning of each innings.

**11. Declarations**

Not allowed.

**12. Weather Affected Matches**

Declared a draw if 20 overs for T20 in each innings is not possible due to weather conditions.

**13. Intervals**

Maximum of 10 minutes between innings. No official drinks break during innings, however, if the pace of play is fast enough, a no more than 3-minute break is permitted.

**14. Dismissals**

All dismissals count.

**15. Stumpings**

Yes.

**16. LBWs**

Umpires are to always give the batter the benefit of the doubt and only give an LBW if they are completely satisfied the ball would have hit and stumps and pitched correctly. **Any doubt at all should result in a not out decision.**

**17. Uneven Team Numbers**

- A team may bat 1 player twice if they have less than 9 players, but the returning batter must be the lowest scoring batter (dismissed).
- A dismissed batter may only return after any retired batters have returned.
- The batting team must provide up to 2 players to assist with fielding only if the opposition team has less than 9 players who bat. These players may be rotated.

**18. No balls / Wides**

- Normal cricket laws apply.
- Any delivery which passes (or would have passed) above the batter's shoulder, or

any full-toss which passes (or would have passed) above the batter's waist, shall be called a no-ball.

- Any delivery that bounces outside of the pitch will automatically be deemed a no ball.
- If a bowler, in the two umpire's opinions, bowls two dangerous deliveries within an over, the umpires can instruct the bowler to finish the over bowling slower deliveries.
- Umpires must agree wide-lines before the start of play.
- There shall be no restriction on the number of wides or no-balls which may be called in an over, but maximum 7 deliveries per over. **The last over has no maximum deliveries.**
- Wides and no-balls are worth 2 runs.

**19. Double Bounce Rule**

Called a no ball if the ball, without having touched the bat or person of the striker, bounces more than once, or rolls along the ground, before reaching the popping crease.

**20. Length of Overs**

A maximum of 7 deliveries per over (including wides/no balls). **The last over has no maximum deliveries.**

**21. Bowling Restrictions**

**T20**

- Maximum 4 overs per player. Maximum 2 over spells. Bowler A may bowl 1 over, then swap places with Bowler B at Mid On when Bowler B bowls 1 over, then they can swap again for Bowler A to bowl their second over. Once Bowler A and Bowler B have bowled 2 overs the whole field must rotate. This can continue with the remaining bowlers.
- All players must bowl minimum 2 overs.
- A minimum of 3 overs of spin/slow bowling per innings - wicket keeper must be standing up to stumps and umpire must be satisfied that the bowler is bowling spin/slow.
- A cone should be placed 15m behind the wickets at the bowler's end, which is the longest run up permitted. **Any bowler that starts their run up beyond the cone will be deemed to have bowled a no ball.**
- No player may bowl their third over until all players have bowled two overs.

**22. Retirement/Batters Returning**

**T20:**

Compulsory retirement of batters after 21 balls faced i.e. wides and no balls are counted. Retired batters may only return at the end of the innings in the order they first retired (i.e. first retired batter returns first, next retired batter returns next and so on). Batters cannot be retired early unless injured. Returning batter cannot be retired a 2nd time once returned to the crease.

**Note:** Manipulating batting so that batters deliberately get out (batting side) to bring back "better" batters or deliberately not getting batters out (bowling side) to stop "better" batters coming back, are both against the spirit of cricket.

## 23. Fielding

- **To speed up games and manage overlapping boundaries, bowling is from one end for the entire match.**
- Teams must rotate in the field i.e. each player moves clockwise after each over unless bowlers are bowling in 2 over spells as outlined under bowling rules above. Bowlers will bowl in the order of rotation until minimum overs are bowled by all players other than first wicket keeper (i.e. player fielding next to bowler on the inside will be the next bowler always and then after bowling will move to the next fielding position on the offside). Once minimum bowling overs are completed, rotation/bowling order is determined by the Captain.
- Should the designated Captain not be the wicket keeper or bowling, they may stand at first slip or mid-off and not have to rotate other than when bowling.
- No player may enter the fielding exclusion zone before the batter has played their shot.

## 24. Wicketkeeper

No more than two wicket keepers are to be used during an innings to ensure that the match is not unduly delayed. If a wicket keeper fields then he/she must also bowl the minimum number of overs. Wicket keepers must wear ACA approved proper helmets.

## 25. Umpiring

- Coaches are not permitted to umpire unless there are no other alternatives and the opposition team agrees to allow it.
- Umpires are to stay in position at the bowlers end and square leg for a minimum of 5 overs before swapping positions.
- All umpires to have completed minimum free online [Umpiring Coaching Modules](#).
- We encourage the same umpires remain throughout the game to ensure consistency.
- Umpires must not give game specific advice to any players; however, they can provide basic general guidance to both sides to assist with game development.
- **Coaches/Managers are recommended to deliver any messages directly to the captain either with drinks at an appropriate moment, or by substituting a player temporarily to deliver the message, however, this must not slow the game down. No “yelling/delivering” instructions to players from the sidelines should occur.**

## 26. Music

The batting side is permitted to play music during their innings as batters walk on/off, between overs and during any breaks of play e.g. drinks break, innings break. This should not delay the game.

## 27. Spirit of Cricket Rating

Both sides must complete a spirit of cricket rating for the opposition in CricHQ. This feature is not active at the start of the 2018/2019 season however we expect it to be live before the end of the season.

## 28. Separation of Players and Supporters Areas Before and During Games

All supporters are encouraged to attend games, however, to aid with development of players, supporters viewing areas must be setup at least 20m away from the players area. Before and during games, all supporters, are encouraged to stay away from the players area

where only players/coaches/managers/scorers can enter. Only umpires, coaches or managers should provide any before or during game advice.

## 29. Grades

ACA will divide entered teams into regional pools for the Thursday T20 grade. Players cannot play in finals for any team they have not played at least 4 games for previously without ACA dispensation.

**Pool Points:** Win = 3 points      Tie or No Result = 1.5 points      Loss = 0 points

### Note Regarding Finals Series Games

Please note due to time constraints it is not possible to have a Bowl Off or Super Over for these grades in the event of a tied game. In an elimination match where a winner must be found (Quarter Final or Semi Final) if the game is tied at the end of the match the result will be awarded to the team with the highest seeding from pool/league play going into the match.

E.g. If 3rd is playing 5th and the match is tied the 3rd place team shall progress.

This rule would also take affect if the game was abandoned or washed out.

For the Final game if abandoned or tied the trophy shall be shared between the 2 teams.

## 30. Weather Cancellations

ACA will cancel all junior and youth morning cricket should there be an Auckland weather advisory from the MetService advising that it is unsafe to travel to games. ACA checks for advisories constantly and will communicate through the ACA website, Facebook and email to all Club Managers. Coaches / managers if you are unsure if the game is on we encourage you to use the contact list your club should have provided you to call the opposition team coach/manager to discuss this. If a mutual agreement cannot be made the home team manager has final say on pitch condition and playability. If a game is abandoned, the home team coach/manager must enter the game as abandoned on CricHQ immediately.

If contact cannot be made with opposition team coach/manager or club manager, contact ACA. If ACA receives a call from an away team advising they cannot contact the home team coach/manager or club manager at 7am or later, ACA has the ability to deem the fixture as abandoned if ACA believes the weather will not allow a fixture to be played.

If in any doubt, please ensure you arrive at the ground on time to avoid a default.

## 31. Defaults

If a Team defaults a match for any reason the following penalties shall be incurred:

(i) First default: The Team and Club to which the defaulting Team belongs shall receive a warning of the consequences of a further default.

(ii) Second default: The Team defaulting shall forfeit 3 Competition points, will be fined \$100 and its Club shall receive a final warning.

(iii) Third default: The Team defaulting shall be debarred from participating in the remainder of the Competition. The match fees already paid for that Team to the Association shall not be refunded to its Club or, alternatively, if the match fees have not been paid, they shall remain payable by the Club to the Association.
