

Summer Series General Conditions 2021/2022

All Summer Series Tournaments in Auckland shall be played in accordance with:

- (a) The specific playing conditions of the tournament;
- (b) The general playing conditions specified in this section;
- (c) The ACA junior and youth general playing conditions;
- (d) The conditions specified in Laws of Cricket (2017 Code) of the Marylebone Cricket Club,

and to the extent that there is a conflict between those conditions, the conditions shall be applied in the order of priority set out above to the intent that the playing conditions in subparagraph (a) will be of the highest priority and the Laws of Cricket in subparagraph (d) will be of the least priority.

Coaches, Managers and Captains are to encourage fair play, the Spirit of Cricket and general sportsmanship between sides and their supporters. Try to resolve any disputes on the day. If a match result is formally disputed for whatever reason the matter is to be referred to the Junior and Youth Cricket Manager on the day for T20 games and within 24 hours for LO games who shall act as necessary.

Failure to follow these Playing Conditions, ACA rules and any by-laws may result in disciplinary action being taken by ACA.

The Junior and Youth Cricket Manager shall rule on any matter relating to the enforcement or interpretation of all playing conditions and their decision shall be final. Details of any disputed matters shall be recorded in any Tournament Report.

Any disputes concerning results and associated matters shall be referred to and be resolved by the Junior and Youth Cricket Manager whose decision shall be final and binding, this includes any CricHQ, NRR, or any other issues that involve official rankings. All disputes must be officially raised by 7pm on the day of the match to be considered for T20 tournaments, and within 24 hours of Limited Overs competition.

- Players are able to transfer clubs and then represent the new club in the current Summer Series tournament if they have not represented their previous club.

- Clubs can enter combined teams i.e. from two or multiple clubs with the aim to encourage team entries.
- Players can only play in one age group per season, except for U13 players playing in the U15 T20 tournament.

- If a player fails to satisfy the above or is not granted dispensation, they will be deemed ineligible.

Summer Series General Conditions 2021/2022

1. THE COMPETITION(S)

- 1.1 Competition structures will be at the discretion of ACA and will be communicated no less than one week prior to the competitions starting.
- 1.2 **Tied Games** – All games except for finals (1 v 2) if there is a final, will be deemed a tie and points allocated as such. For the final, the match will proceed to a Super Over as per appendix 1.
- 1.3 **Reserve Days** – The reserve day will only be used for the final game (1 v 2), no other game will have a reserve day. If the final cannot be played on the reserve day, the superior team will be the one that finished higher at the completion of the round-robin stage.

2. NOMINATION OF PLAYERS

- 2.1 For U15 and U17 tournaments teams may be composed of twelve players. Eleven is also acceptable. For U13 competitions, teams may be composed of 10 players, with the 10th being the 12th in the below clauses and 11 being 9 (for U13s).
- 2.2 Prior to the toss for each match all players must be entered into CricHQ and each captain must provide a list of their batting XI and their fielding XI to the umpire/s. The player left out of the fielding XI will act as a 12th for the fielding portions of the match. (i.e. the player may bat in the batting XI but may not bowl).
- 2.3 The 12th player may be rotated on and off the field acting as a substitute fielder, subject to the rules of cricket in terms of eligibility to bowl and bat in relationship to a player's time off the field.
- 2.4 No player (batter) can only bat in the match and not take part in the field.
- 2.5 The wicketkeeper cannot be designated as the non-bowler.
- 2.6 There is no limit on squad size. Subject to all players meeting the eligibility criteria clubs can rotate their squad as they see necessary throughout a competition.

3. THE TOSS

- 3.1 Toss for innings: The captains shall toss for the choice of innings on the field of play and in the presence of one or both of the umpires, no earlier than 30 minutes, and no later than 15 minutes before the scheduled or any rescheduled time for the match to start.
- 3.2 The winner of the toss shall notify his decision to bat or field to the opposing captain immediately following the toss. Once notified, the decision cannot be changed.
- 3.3 All players must be entered into CricHQ prior to the match.

4. UMPIRING

- 4.1 Umpires: In a match where two official umpires have not been appointed, then the batting side shall provide a square leg umpire who may be a supporter, coach, manager or a player from the batting side. This square-leg umpire will only rule on stumpings and run-outs and provide assistance on counting.
- 4.2 It is the responsibility of each team to ensure that any non-official umpires used in matches are fully conversant with the Laws of Cricket and the relevant Playing Conditions.
- 4.3 When someone is acting as an umpire, providing coaching advice and/or instructions to players is not permitted.

Summer Series General Conditions 2021/2022

4.4 If there are no appointed umpires, each team will agree to provide one umpire.

5. BALLS TO THE OVER

5.1 Number of balls: Six fair balls shall be bowled in each over.

6. MODE OF DELIVERY

6.1 No underarm bowling: No bowler shall deliver the ball underarm.

7. TIME ON GROUND

7.1 Sole arbiters: Umpires shall be the sole arbiters of playing times and will identify an official timepiece.

8. WIDE BALLS AND NO BALLS

8.1 **Wide balls:** The following rules shall apply in respect of wide balls:

(a) Any offside or leg side delivery which, in the sole opinion of the umpire, does not give the batter a reasonable opportunity to score shall be called a wide. As a guide, on the leg side a ball landing clearly outside the leg stump going further away shall be called a wide. Umpires shall consider the level at which the match is being played before such strict enforcement of this rule.

(b) In the following circumstances a ball shall not be called a wide: If the ball touches the striker's bat or person; if the striker moves and causes the ball to pass wide of him; if the striker moves and as a result brings the ball within his reach by means of a normal cricket stroke.

(c) The ball is not dead on the call of a wide ball by the umpire.

(d) A penalty of one run shall be awarded for a Wide ball (unless specified otherwise in specific grade playing conditions) and shall be in addition to any other runs scored.

(e) All runs scored (including the wide ball penalty) are to be debited to the bowler.

8.2 **No balls – Full Tosses:** Any delivery which passes or would have passed, on the full above waist height of the striker standing upright at the crease is deemed unfair. Whenever such a delivery is bowled, the umpire shall call and signal No Ball.

8.3 The bowling of a delivery is defined as in 8.2 is also dangerous if the bowler's end umpire considers there is a risk of injury to the striker.

8.4 In the event of such a dangerous delivery being bowled, the umpire at the bowler's end shall adopt the following procedure (which procedure shall apply throughout the whole of an innings, and not just during the course of one over):

(a) On the first occasion on which a bowler bowls a 'dangerous' full toss, the umpire shall call and signal No Ball, then caution the bowler, and issue that bowler with a first and final warning and inform the other umpire, the captain of the fielding team and the batter, of what has occurred.

(b) On the second occasion on which a bowler bowls such a delivery, the umpire shall call and signal No Ball and when the ball is dead direct the captain of the fielding team to take the bowler off forthwith and to have the over completed by another bowler who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over. The umpires shall not allow the bowler, thus taken off, to bowl again in the same innings.

(c) Report the occurrence to both captains and to ACA, which shall take any further action that is considered appropriate against the bowler concerned.

Summer Series General Conditions 2021/2022

- 8.5 **No Balls - Bouncers:** The following rules shall apply in respect of short pitched deliveries above shoulder height;
- (a) Refer to relevant tournament playing conditions for allowed number of short pitched deliveries per over.
 - (b) Law 21.10, which applies to a ball bouncing over the head height of a striker, shall apply except that such a ball shall be called a Wide Ball rather than a No Ball.
- 8.6 Laws 21 and 41.6 and 41.7 of the Laws of Cricket shall apply to the extent that they do not conflict with clauses 7.2 and 7.3.

No Ball - Free Hit

The delivery following a No Ball called (all modes of no ball) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No Ball or a Wide Ball) then the next delivery will become a free hit for whichever batter is facing it. This will continue until a legitimate delivery is bowled for the batter. For any free hit, the striker can be dismissed only under the circumstances that apply for a No Ball, even if the delivery for the free hit is called a Wide Ball.

Neither field changes nor the exchange of individuals between fielding positions are permitted for free hit deliveries unless:

a. There is a change of striker; or

b. The No Ball was the result of a fielding restriction breach in which case the field may be changed to the extent of correcting the breach.

9. BOUNDARIES

- 9.1 Interference by person: When a ball is stopped from reaching the boundary by a non-fielding person, the umpire(s) will decide whether it would have reached the boundary and whether it shall be scored as a boundary or runs in progress.
- 9.2 Obstructions overhanging the field of play: Where trees or other permanent structures grounded outside the field of play overhang the field of play, unless the team captains agree to the contrary (and communicate such arrangements to the umpires prior to the start of play), as soon as the ball strikes the overhanging obstruction, the umpire shall award a boundary six to the striker.
- 9.3 Permanent obstructions within the field of play: Where there are permanent obstructions within the field of play, unless the team captains agree to the contrary (and communicate such contrary arrangements to the umpires prior to the start of play), as soon as the ball strikes such obstruction, the umpire shall award a boundary four to the striker, regardless of whether or not the ball strikes the obstruction on the full.

10. FITNESS OF GROUND, WEATHER AND LIGHT

- 10.1 **Fitness:** The umpires shall decide if the pitch, the light, the ground and the weather are fit for play before any session of play, or whether play should be suspended, provided that:
- (a) The umpire(s) shall establish if play can continue in unfit conditions and, if so, play shall continue;
 - (b) After agreeing to play in unfit conditions, the umpires will only suspend play if conditions subsequently deteriorate. Note: As an example, although persistent drizzle may not increase in intensity this may cause the ground or pitch conditions to become dangerous or unreasonable for further play.

Summer Series General Conditions 2021/2022

(c) If conditions have deteriorated so that in the sole opinion of the umpire(s) continuing play would be unreasonable or dangerous they shall immediately suspend play. This shall overrule the allowance in clause 10.1 (a) above.

- 10.2 No spiked footwear: Spiked footwear shall not be worn on artificial pitches while batting or bowling, in case of damage.
- 10.3 For T20 Tournaments each venue shall have an appointed 'lead' ACA umpire. In the case of bad weather, all matches on that venue shall cease at the same time and it will be up to the respective umpires as to when their game restarts again. For the avoidance of doubt games can restart at different times. If there are no ACA umpires, the coaches for the respective game will decide, if agreement cannot be reached the Junior and Youth Cricket Manager will have the final say.
- 10.4 Where weather conditions seriously impact upon the tournament, the Junior and Youth Cricket Manager has the right to amend the tournament structure and playing conditions. The Junior and Youth Cricket Manager may direct a change of venue due to weather or ground conditions.
- 10.5 For LO40 competitions, if there is an assigned ACA umpire, they will be charged with wet weather management at their discretion. If there is no ACA umpire the two coaches will determine when and the best approach to resuming play after a wet weather interruption as per Saturday club competitions. If agreement cannot be reached, the home coach or manager has the final say.

11. WEATHER INTERRUPTIONS

- 11.1 **If an interruption occurs in the innings of the team batting first**, the number of overs both teams are to play shall be reduced by a deduction equal to half the total number of overs lost. Should an uneven number of overs be lost, each team shall lose half of the next highest even number. For example, if seven overs are lost, each team shall lose four overs.
- 11.2 **Second Innings Target:** If due to suspension of play after the start of the match, the number of overs in the innings of either team has to be reduced (minimum overs for the format unless the team batting first was all out sooner), then a revised target score (to win) will be set for the number of overs which the team batting second will have the opportunity of facing – this revised target being calculated by the Duckworth Lewis Stern (DLS) method which is inbuilt into the CricHQ application.
- 11.3 **A match will be declared abandoned** if 5 overs for T20, and 20 overs for LO40, in each innings is not possible due to weather or other conditions (if a team is not dismissed before).
- 11.4 If weather interferes with play, the number of overs in the match shall be reduced by one over for each complete 3.75 minutes of playing time lost. For example, if eight minutes is lost, two overs shall be deducted, or if 14 minutes lost, three overs shall be deducted.
- 11.5 **Late Start - Reduction of Overs:** In the event of a late start or a disruption for any reason, the number of overs to be bowled shall be calculated by allocating one over for each 3.75 minutes of playing time remaining until the scheduled closing time for the game. Each team shall be entitled to bat for half of the total overs remaining.
- 11.6 **Closing Time:** For the purpose of determining the number of overs remaining to be bowled in a match which has a late start, or is interrupted for any reason, the scheduled finishing times will be determined in the specific playing conditions, or by the Junior and Youth Co-ordinator at the beginning of the tournament.
- 11.7 If weather interrupts play, the closing time of the match will not be extended other than to complete the re-scheduled number of overs but only if there is claiming time as outlined in the specific playing conditions.

Summer Series General Conditions 2021/2022

12. PRACTICE ON PITCHES

12.1 **No practices:** If, in respect of any ground, the condition of the pitch or ground is deemed to be such that a match shall not be commenced or played on a pitch, practices shall not be allowed on that pitch. Practice within the boundaries shall cease 10 minutes before the time of commencement of play. No person may test a pitch for bounce before the commencement of play by bowling or bouncing a ball on it.

13. ALTERNATIVE PITCHES

13.1 Unfit pitches: If, for any reason, a ground official or ground authority deems a pitch to be unfit for play during a match, or that undue delay would occur as a result of the pitch's condition before the commencement of play, an alternative pitch (if available) should be used.

14. COMPETITION POINTS

14.1 The competition points for all matches shall be as follows:

Result Type	Points
Win	3
Tie	1.5
No Result/Abandoned	1.5
Loss	0

14.2 Equal Points

If two or more teams are tied on the same number of points, the superior side shall be determined by the following method(s):

- (a) The team with the most number of wins.
- (b) If still equal, the team with the highest Net Run Rate (NRR), in accordance with the formula set in clause 14.
- (c) If still equal, the team with the most number of wins over the other team(s) with which it is tied.
- (d) If still equal, then by the higher runs scored per wicket lost. A team's runs scored per wicket is calculated by dividing the team's total runs scored by the total wickets lost during the tournament.

14.3 **Net run rate:** If net run rate is required to assess a team's placing in a tournament, or for any other reason, the net run rate shall be calculated as per CricHQ.

15. BALLS

15.1 In all **Limited Overs** matches a new ball shall be used in each innings. In all **T20** matches the ball does not have to be new, however umpires must agree that it is fit for play.

15.2 Approved balls: The schedule of approved balls is as follows:

Boys U13	Kookaburra Crown WR 142g - PINK
Boys U15 LO	Kookaburra Senator 156g - WHITE

Summer Series General Conditions 2021/2022

Boys U15, U17 T20	Kookaburra Crown WR 156g - PINK
-------------------	---------------------------------

15.3 **Changing a ball:** A ball may only be changed during an innings in the following circumstances:

- (a) on the direction of umpires appointed by ACA to control the match; or
- (b) following agreement by the captains; or
- (c) where the ball has clearly lost its spherical shape; or
- (d) where the string is coming out of the seam; or
- (e) where the ball has been lost.

16. PENALTY RUNS

16.1 Penalty runs shall only be awarded under the following rules:

28.2 – Illegally fielding the ball and;

28.3 – Protective helmets belonging to the fielding side.

17. CLOSE FIELDING

17.1 For U15 & U17s, fielders standing closer than 10 meters from the striker in the 'unsafe' area (in the diagram below) should wear protective equipment as detailed in clause 18.

Bowler to RH Batsman

Fielders may stand within 10 meters of the striker in the 'safe' area (slips) without any protective equipment.

18. PROTECTIVE EQUIPMENT

18.1 Players should wear the appropriate protective equipment as a minimum;

- Batting: Helmet, leg guards, groin protector, thigh guard, gloves.
- Close Fielding: Helmet, groin protector, shin guards.

The wearing of protective equipment is the personal responsibility of each player and coaches should provide appropriate safety guidance to their teams.

19. CAPTAINCY AND ON FIELD COACHING

19.1 All aspects of player captaincy should be encouraged with only minimum assistance from coaches from the boundary.

Summer Series General Conditions 2021/2022

19.2 Any person umpiring a match may not give any coaching assistance while on the field of play.

20. BOWLERS RESTRICTIONS

20.1 All pace bowlers (defined as bowlers where the wicketkeeper would normally stand back) are subject to a limitation of overs allowed to be bowled per day:

Age	Maximum Overs per Spell	Maximum Overs Per Day
Under 15 at 1 April	4	8
Under 17 at 1 April	6	10

(a) At the completion of the bowler's spell, the bowler may not bowl again until the equivalent number of overs have been bowled from the same end.

(b) In the event that bad weather or light conditions cause a continuous suspension of play, upon resumption of play a bowler may commence a new spell providing the break from their previous bowling spell is of at least one-hour duration.

(c) A bowler's spell will be deemed to have finished at the end of a day's play and a new spell may be commenced immediately the following day.

(d) The limitation is excluding the Super Over.

21. PLAYING UNIFORMS

21.1 Teams must be outfitted in appropriate team uniforms. All players must be outfitted in the same uniform.

21.2 It is encouraged that all games are to be played in coloured clothing, including pants and pads being covered in appropriate coloured clads and should not clash with the colour of the ball (white/pink). However, for 2020/21 only leniency will be provided as long as all players are in the same clothing.

22. CODE OF CONDUCT

ACA requires all coaches, managers, players and parents that participate in tournaments to abide by the code of conduct stipulated by ACA. Signed acceptance of the Code of Conduct is required to be received by ACA prior to the Tournament start date.

If an individual or team breaches the code of conduct, the following penalties shall be incurred by the team:

An individual player may receive additional penalties if they are deemed to have breached the Laws of Cricket and/or the ACA Bylaws.

23. COACHING AND MANAGING

Appendix 1 Super Over

Procedure for the Super Over:

The following procedure will apply should the provision for a Super Over be adopted for a Finals match (including Preliminary Semi Final, Semi Final or Final).

1. Subject to weather conditions the Super Over will take place on the scheduled day of the match (or reserve day if it is utilised) at a time to be determined by the umpires. In normal circumstances it shall commence 10 minutes after the conclusion of the match. For the avoidance of doubt, the Super Over may take place after the scheduled time plus extra time has elapsed Note: re unfit light conditions see clause 13 below.
2. The Super Over will take place on the pitch allocated for the match (the designated pitch) unless otherwise determined by the umpires.
3. The umpires shall stand at the same end as that in which they finished the match.
4. In both innings of the Super Over, the fielding side shall choose from which end to bowl.
5. Only nominated players in the main match may participate in the Super Over. Should any player (including the batsmen and bowler) be unable to continue to participate in the Super Over due to injury, illness or other wholly acceptable reasons, the relevant Playing Conditions as they apply in the main match shall also apply in the Super Over.
6. Any penance time being served in the main match shall be carried forward to the Super Over.
7. Each team's over is played with the same fielding restrictions as apply for the last over in a normal Limited Overs or T20 match.
8. The team batting second in the match will bat first in the Super Over.
9. The ball used will be the same one as used by the respective sides in their bowling innings. If this ball is unavailable, the umpires will select an adequate replacement, no new balls can be used.
10. The loss of two wickets in the over ends the team's one over innings.
11. The winner is deemed to be the team with the most runs from their respective Super Over.
12. In the event of the teams having the same score after the Super Over has been completed, a new Super Over will be scheduled, with the team batting at the end of the first Super Over to bat first with the same rules as above applying. If another Super Over cannot be completed due to the weather, see clause 13. If in the event a Super Over nor Bowl Out can be scheduled the following will be applied to deem the superior team:
 - (a) The team who lost the least wickets in the Super Over.
 - (b) If still equal, the team whose batters hit the most number of boundaries (fours and sixes) in the Super Over shall be the winner.
 - (c) If still equal the team who lost the least wickets in the main match (ignoring the Super Over) shall be the winner.
 - (d) If still equal, the team that hit the most number of boundaries (fours and sixes) in the main match (ignoring the Super Over) shall be the winner.
 - (e) If still equal, a count back from the final ball of the Super Over shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two (2) wickets

Summer Series General Conditions 2021/2022

during its over, then any unbowled deliveries will be counted as dot balls. Note that for this purpose, the runs scored from a delivery is defined as the total team runs scored since the completion of the previous legitimate ball i.e. including any runs resulting from Wides, No balls or penalty runs.

Example		
Runs Scored from	Team 1	Team 2
Ball 6	1	1
Ball 5	4	4
Ball 4	2	1
Ball 3	6	2
Ball 2	0	1
Ball 1	2	6

In this example both teams scored an equal number of runs from the 6th and 5th ball of their innings, however team 1 scored 2 runs from its 4th ball while team 2 scored a single, so team 1 is the winner.

The Super Over should be completed to determine a winner unless the Umpires consider it dangerous and unreasonable to complete because of unfit light conditions.

13. The umpires shall determine the suitability of the light. Only in the event bad light prohibits the application of the Super Over, then a Bowl Out shall take place as below.

Bowl Out

Procedure for the Bowl Out

The following procedure will apply if the Umpires deem the light unfit to apply a Super Over.

1. Five players, from each team (selected from the players nominated for the match) will bowl, over arm, two deliveries each at a wicket from a similar wicket pitched at a distance of 22 yards with, if practicable, bowling, popping and return creases.
2. The first bowler from team 1 will bowl two deliveries, then the first bowler from team 2 will bowl two deliveries, then the second bowler from team 1 will bowl two deliveries and so on. The team which bowls down the wicket most times shall be the winner. If the scores are equal, the same players will bowl one ball each alternately to achieve a result on a "sudden death" basis. If circumstances make the contest impossible, the match shall be decided by the toss of a coin.
3. The same suitably acceptable ball (not a new one) will be used by both teams. If this ball becomes wet, it may be changed subject to the umpires approval.
4. If a bowler bowls a No Ball it will count as one of his two deliveries but will not count towards the score of the team.
5. Each team will appoint a wicketkeeper to stand behind the wicket but out of reach of the wicket.
